

1. NFT는 무엇인가?

NFT는 '대체 불가능한 토큰(Non-Fungible Token)'이라는 뜻으로,
희소성을 갖는 디지털 자산을 대표하는 토큰을 말한다.

NFT는 블록체인 기술을 활용하지만,
기존의 가상자산과 달리 디지털 자산에
별도의 고유한 인식 값을 부여하고 있어
상호교환이 불가능하다는 특징이 있다.

a. NFT의 시작은?

b. 최초의 NFT는?

RTFKT Airdrops Exclusive Murakami NFT to Gagosian Attendees

The POAPs are a reward for attending the May Gagosian exhibition.

Rtfkt

In May, Nike's Web3 studio RTFKT joined forces with Gagosian art gallery to feature Takashi Murakami's "An Arrow through History" work in a two-part exhibition. The collection was displayed at Gagosian's NYC gallery as well as through a digital metaverse powered by a 3D experience host OnCyber. Allowing access to the entire world, visitors were able to experience an immersive viewing of the whole exhibit online or through a VR headset.

Fall 2022 Issue

SCREEN TIME: HOW MUSEUMS ARE THINKING ABOUT NFTS

Ashley Overbeek reports on the different ways in which museums across the world are harnessing the power of crypto art in their exhibitions, collections, and community building.

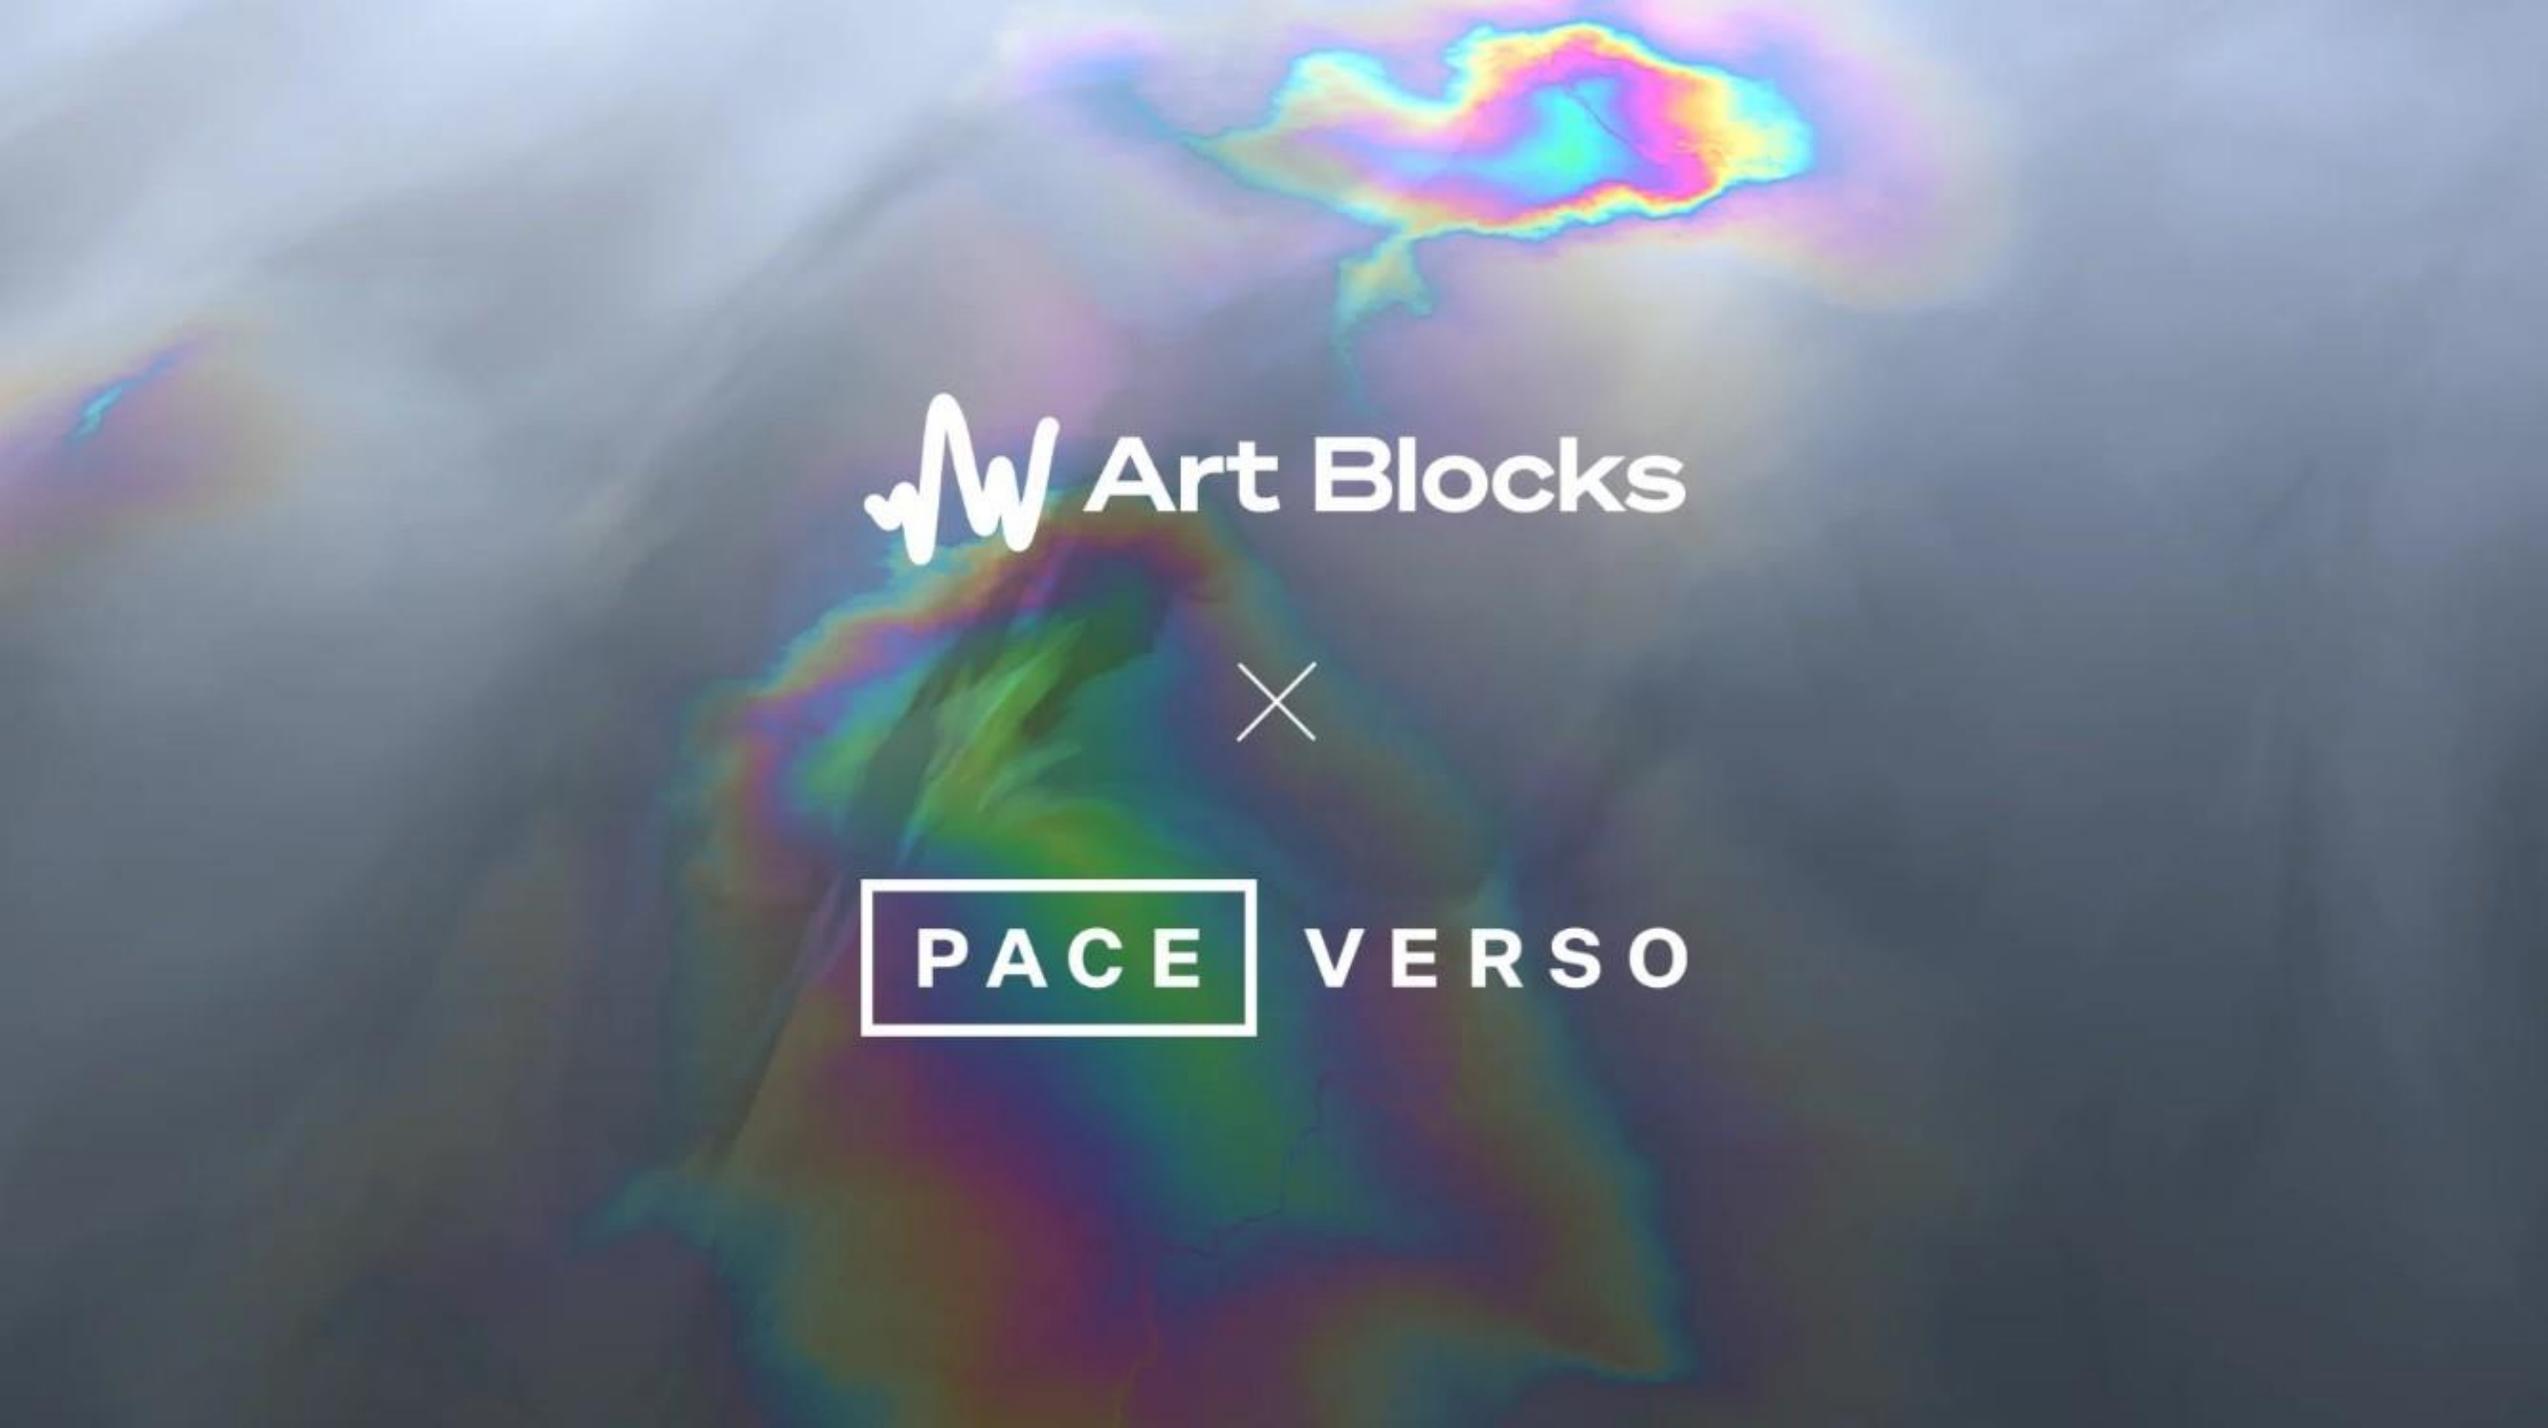

It's an unseasonably warm spring day in Florence, 83°F, when I approach the Fondazione Palazzo Strozzi. As I enter the open-air atrium I'm greeted by a colossal site-specific work by Refik Anadol, a Turkish-American artist known for using data-driven algorithms to create dynamic abstract visualizations. This piece is a non-fungible token (NFT) displayed using a nearly thirty-foot-tall LED wall that stands squarely in the atrium. Rich hues ebb and flow mercurially in impossible gravity, enclosed by the dimensions of the screen. Titled *Machine Hallucinations—Renaissance Dreams*, the NFT is sentinelled at the entryway to the Palazzo Strozzi's latest

Refik Anadol, *Machine Hallucinations—Renaissance Dreams*, 2022, AI data sculpture, video loop LED wall, 29 feet 6 $\frac{3}{8}$ inches \times 19 feet 8 $\frac{1}{4}$ inches (900 \times 600 cm), installation view, Fondazione Palazzo Strozzi, Florence, Italy. Photo: © Ela Bialkowska OKNO studio

Announcing Our Dedicated NFT Platform

We're pleased to announce that we now accept Ethereum across the board, for digital and traditional artworks. The development is in anticipation of two major NFT projects launching this month in collaboration with artists Simon Denny (launching July 13, 2021) and Urs Fischer (July 21, 2021).

In 2021, we will launch a dedicated platform for showing and selling NFTs. The platform will host NFTs by artists represented by Pace as well as collaborations with artists from outside the gallery's program, and will include both primary and secondary market sales. The NFT platform will be accessible from our website and its programming will be spearheaded by Christiana Ine-Kimba Boyle, the gallery's Online
